ORDER YOUR STUDENT CALCULATORS ABACUSCALCULATORS.COM.AU

“ Working with Abacus to organise a large order of student calculators each year has been made very straightforward by their wonderful, helpful staff. Their incredibly quick turnaround of our orders means our students have their calculators prior to the holidays to get started on learning how to use them. I would recommend them as a company that work with schools very effectively. ”

Lisa Saffin, Wesley College VIC

SCIENTIFIC CALCULATORS

CASIO FX-82AU PLUS II

New features include:

- Calculation of the median and quartiles
- Greatest common divisor and lowest common multiple
- Verification of equalities and inequalities
- Prime factorisation

Other features include:

- Random Integer functions
- Multiple intuitive ways to enter fractions
- List-Based data entry for statistics
- Natural textbook display
- Combinations and permutations
- Approved surd and trigonometric calculations
- Coordinate conversion
- Exponential regression of the form abx
- Multi-replay
- Large, easy-to-read dual-line display

CASIO FX-100AU PLUS

New features include:

- 40 different unit conversions
- Normal distribution calculations
- Calculations in various bases, including converting between bases
- Conversion to polar co-ordinates from rectangular and vice versa

Other features include:

- Prime factorisation
- Random Integer functions
- Multiple intuitive ways to enter fractions
- List-Based data entry for statistics
- Natural textbook display
- Combinations and permutations
- Approved surd and trigonometric calculations
- Coordinate conversion
- Exponential regression of the form abx
- Multi-replay
- Large, easy-to-read dual-line display

“ Abacus has been supplying the students of MacKillop College, Port Macquarie with Scientific Calculators for many years.

Not only is the product reliable, the sales staff keep track of our supplies and keep in contact with us when orders are required.

Their professional, friendly and prompt service shall ensure our relationship with Abacus will continue well into the future. ”

GRAPHIC CALCULATORS

TI-84 PLUS CE

Key Features TI-84 PLUS CE:

- 30% lighter and thinner than earlier generation TI-84 Plus models
- Vibrant backlit colour screen
- TI rechargeable battery
- Pre-loaded apps and images
- MathsPrint™ functionality

Features summary:

The TI-84 Plus offers a built-in USB port, 3x the memory of the TI-83 Plus and many preloaded Apps and an improved display. The new TI-84 Plus is 100% keystroke-for-keystroke compatible with the TI-83 Plus.

With the TI-84 Plus, all students can now share their work by connecting their TI-84 Plus to any TI presentation tools for the whole class to see, fostering a collaborative learning environment.*

A built-in USB port makes data transfer to your computer and between handhelds easier than ever.

ACCESSORIES FOR THE TI-84 PLUS CE

The TI-84 PLUS CE handhelds' lithium-ion rechargeable batteries eliminates the need to routinely replace ordinary alkaline AAA batteries. When the battery indicator on the face of the handheld indicates it's time for a charge, simply use an approved wall adapter. The TI-84 PLUS CE rechargeable battery and wall adaptor is available for purchase through Abacus Calculators.

NOW AVAILABLE TI-84 PLUS CE CHARGING STATION

Features summary:
Store and recharge TI84PLUS CE class sets – simply place handhelds directly into the docking station (holds up to 10 units) Monitor each handheld's battery status via LEDs located on each dock.

Also see page 17 for TI-84 PLUS CE - Volume Purchase Program Claims

“ ABACUS is a company that attends mathematics conferences and also sponsors them. Their catalogues are in schools and they have an easy website to navigate. ABACUS should be congratulated for their extended warranty on graphics calculators. It really is peace of mind for students, their parents and also for teachers.

Dani Haley and ABACUS are always recommended by me to other schools/teachers and I will continue to recommend Dani and ABACUS.”

*Mr Rodney Anderson, Senior Mathematics Teacher,
Co-ordinator of Badminton, President QAMT
(Queensland Association of Mathematics Teachers)*

CAS CALCULATORS

TI-NSPIRE™ CX CAS

New Features include:

- Explore higher-level maths concepts - Explore symbolic algebra and symbolic calculus, in addition to standard numeric calculations. View exact values - in a form of variables such as x and y , radicals and π - when doing step-by-step arithmetic, algebraic and calculus calculations.
- Visualise in full colour - Colour-code equations, objects, points and lines on the full colour, backlit display. Make faster, stronger connections between equations, graphs and geometric representations on screen.
- Real-world images** - Use digital images or your own photos. Overlay and colour code maths and science concepts. Discover real world connections.
- Recharge with ease - The installed TI-Nspire™ rechargeable battery is expected to last up to two weeks of normal use on a single recharge. No alkaline batteries needed.
- Calculate in style - The sleek TI-Nspire™ CX handheld is the thinnest and lightest TI graphing calculator model to date. It's also the brightest with a high resolution full colour display that makes it easy to see every exponent, variable and line.
- 3D Graphing - Graph and rotate (manually and automatically) 3D functions. Change the wire or surface of your 3D graph.
- Features all the functionality of TI-Nspire™ family technology, plus built-in Computer Algebra System (CAS) capabilities.

2 YEAR WARRANTY

CAS CALCULATORS

CASIO CLASSPAD FX-CP400

The ClassPad series continues to evolve as the next generation machine is optimised for use in the classroom. The new fx-CP400 is the first ClassPad model to boast a 4.8 inch colour display. The fx-CP400 offers intuitive stylus and finger touch operation. It also supports horizontal screen view. Simply switch the display between vertical and horizontal screen views by a touch on the icon panel.

Main features include:

- 4.8" colour display
- Finger or stylus touch operation
- Horizontal screen view
- Simple, intuitive user interface

COLOUR
DISPLAY
TOUCH
PANEL

Touch-panel operation by stylus or finger
Large touch-panel colour LCD for ease of viewing and operation

The fx-CP400 offers intuitive stylus touch-panel operation that eliminates complicated key operations. Graphically display mathematical formulas by simply dragging and dropping them into the graph area.

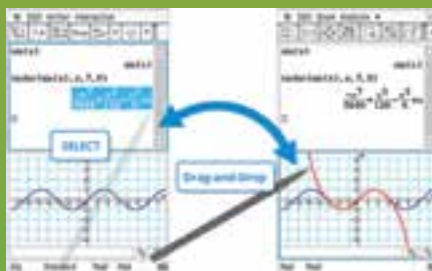

POWERFUL APPLICATION

Brand-new software keyboard

Supports three levels of learning difficulty

The fx-CP400 supports learning of basic functions used by everyone, such as fractions, square roots, and trigonometric functions, advanced functions like differential calculus, complex compound numbers, and sigma calculations, as well as highly advanced calculations such as piecewise and user-defined formulas.

Supports horizontal screen view

One-touch switching between upright and horizontal views

Switch the display between an upright screen view and a horizontal screen view by simply touching an icon on the panel. Horizontal screen view is convenient for displaying a long formula on a single line.

Simple interface

Simple, intuitive interface

The fx-CP400 has simple, easy-to-understand menu icons, menu bars, and toolbars and an interactive interface.

TI-NSPIRE[™] CX NAVIGATOR
WIRELESS NETWORK ADAPTERS
MAKE THIS SYSTEM COMPACT AND
PORTABLE.**

Features Overview

• Question Capability • Collaborative Activity • Document Transfer • Quick Poll • Screen Capture • Live Presenter • Expression • Image • Chemistry • Portfolio and Auto-grading

NSPIRE[™] NAVIGATOR[™] TEACHER SOFTWARE

Five workspaces let you access content, create lessons and track student progress. This software is compatible with both PC and Mac®.

TI-NSPIRE[™] DOCKING STATION

Store and recharge TI-Nspire[™] class sets – Simply place handhelds directly into the docking station (holds up to 10 units). Monitor each handheld's battery status via LEDs located on each dock.

Update handheld operating systems – Link the docking station to TI-Nspire[™] Teacher Software to TI-Nspire[™] Teacher Software to quickly transfer the latest OS update files to multiple handhelds simultaneously. The software also tracks the OS version for each unit and identifies those that need an update.

TI-NSPIRE[™] CX WIRELESS NETWORK ADAPTERS

Attach to the top of each TI-Nspire[™] CX or TI-Nspire[™] CX CAS handheld to provide the smallest wireless connectivity of any TI-Nspire[™] Navigator System. Compact and easy to store.

NSPIRE[™] NAVIGATOR[™] ACCESS POINT

Provides wireless connection between the teacher's computer and the TI-Nspire[™] CX Wireless Network Adapter on each student handheld.

TI-NSPIRE™ SOFTWARE

TI-NSPIRE™ SOFTWARE LICENCE TYPES

Single-User Licence

"I need a small enough number of licences that I don't mind each user having their own licence number to manage."

- Provides one software licence for one computer.

School-Managed Licence (SML)

"I have many computers that need the software. The teachers and/or students will use the software at home and at school."

- Allows access to the software on a fixed number of computers for specific users.
- Software can be deployed with many standard deployment methods.
- Licence distributed to computer from a licence service (i.e., server).
- Software licence contains a "grace period" allowing software to be used at home or outside of the school's network for 30 days. After this grace period expires, the computers must connect to the school's network to continue use.
- Perpetual licences require an annual licence extension at no additional charge.

“ I have been buying calculators for my school from Abacus since 1999, for both staff and students. I have always found the Abacus staff to be helpful, friendly, professional and efficient. Their prices are always as good or better than anywhere else. I wouldn't consider dealing with any other company. I highly recommend Abacus! ”

Andrew Downey,
Cranbourne Secondary College VIC

“ Abacus have been a supplier of choice for the Canberra Girls Grammar School ACT for over 15 years. The company has always been friendly, personable and reliable to deal with. They consistently keep us up to date with technological advances for their products and deal with any warranty issues immediately. Our annual orders placed with Abacus are always filled correctly and delivered exactly when requested. Customer service is always a priority and this makes our dealings with Abacus a delight.”

- 26 memories
- Financial statistics
- Profit Margin %
- 10 Digits
- Non programmable

“ St. Patrick’s College has been dealing with Abacus Calculators for many years and when I became the Head of Department at the start of 2010, after the excellent way we had been looked after in the past it was just logical that we would continue our relationship with Danielle and Abacus. Occasionally you hear of other companies offering some one off deal calculators, but with the service that you get from Abacus you are not even tempted to change supplier.

Whenever I ring Abacus, Danielle is so cheerful and helpful that you walk away from the conversation feeling better, knowing that your order is organised and will arrive on time. If there has been a problem with a calculator, then everything gets sorted quickly and efficiently, often with the replacement of the faulty device (which is the beauty of the extended warranty). Whatever question you want answered they can answer or will organise someone who can.

I have never had a problem they couldn’t handle. ”

Glen Smith, Head of Department –
Mathematics, St Patrick’s Senior College Mackay

EL-738

- Comprehensive business, day/date calculator with 2 line display
- 12 digit dot matrix and 10 (9 mantissa) +2 (exponent) LCD screen
